Sign in with Molly and Regina near the Finish Line in the parking area. You must have a parent or guardian sign the release, provide your health insurance info, and coggins/health certificate before you will be issued a saddle towel. Saddle towels **MUST** be returned immediately following your race.

Regina will be in the stable area sending each race over to the rail when it is the right time. Ponies will walk onto track and circle with groom, then riders will be asked to mount once Regina has had the pre race talk with them. Grooms will release ponies and proceed to the finish immediately. Molly will be the starter for each race. All riders will pull up immediately after the finish, return to the finish line to dismount, hand off their ponies to their groom, and report to the winners circle. The winner stays mounted and will get their photo taken on their pony and then join the rest of the group for a photo in the winners circle. Ponies must **IMMEDIATELY** proceed back to the trailers after the groom grabs them. We are extremely crunched for time and must be off the track for the live races.

Please refer all questions to Regina Welsh or 410-340-2347 or [regina@goponyracing.com](mailto:regina@goponyracing.com). Please do not call the track with your questions. Names of volunteers and entrants will be at the stable gate and that is how you will gain admission to the grounds.
